

## TECHNICAL DATA SHEET

**NAME OF COMMODITY:** Tolytriazole

**CAS NO.:** 29385-43-1

**MOLECULAR FORMULA:**  $C_7H_7N_3$

**MOLECULAR WEIGHT:** 133

**STRUCTURE FORMULA:**

| TESTS         | SPECIFICATIONS    |
|---------------|-------------------|
| Appearance    | White Granular    |
| Purity        | 99.5% min         |
| Color         | 45 max apha       |
| Moisture      | 0.1% max          |
| Melting Point | 80 - 86 °C        |
| Ash           | 0.05% max         |
| pH            | 5.0 min - 6.0 max |

**APPLICATIONS:**

Tolytriazole is an antirust agent, corrosion retardant, water stabilizer, UV absorber, anti-freezing liquid, anti-fogging agent, plant growth regulator and algacide.

**PACKING:** net 25kg, 500kg bags; 15mt / 20' fcl, palletized
